

## KERALA AGRICULTURAL UNIVERSITY B. Tech. (Food Engg.) 2018 Admission

I Semester Final Examination-January-2019

Cien.1101

## Basic Civil Engineering (2+1)

Marks: 50

(1x10=10)

Time: 2 hours Choose the correct answer (10x1=10)The weight of standard brick should be 1000g b 1500g c 2500g d 3000g The IS classification of bricks is based on Statement I compressive strength Statement II water absorption iii Statement III dimensional tolerance of the above only(i) is correct b (i) and (ii) are correct (i)and(iii)are correct d (i),(ii) and (iii) are correct Which of the following is hardest mineral? b Felspar c Garnet d Amphibole Plane survey is conducted for the area up to b 100 km<sup>2</sup> c 195.5 km<sup>2</sup> d 160 km<sup>2</sup> 5 In a chain surveying, perpendiculars to the chain line are set out by a A theodolite b a prismatic compass c a clinometer an optical square If the back bearing of a line is N30°W, its fore bearing is a S30° W  $N30^{0} W$ b S30°E c N30°E 7 Orientation of plane table is done by a Spirit level b Trough compass c Plumbing fork d Drawing sheet Fill in the blanks Organic nitrogen and ammonia-nitrogen, determined together, is usually known as nitrogen Permissible BOD of the sewage effluents, when discharge into the rivers, is mg/l 10 The amount of oxygen consumed by sewage from potassium dichromate is termed II Write Short notes on ANY FIVE of the following (5x2=10)1 Selection of building materials 2 Principles of surveying 3 Bonds in Brick-work 4 Differential leveling 5 Plumbing fork 6 Types of chains 7 Breakpoint Chlorination Answer ANY FIVE of the following Ш (5x4=20)1 How is the cement classified? Describe the wet process of manufacturing cement. 2 What are the properties of hardened concrete? Write the advantages of curing. 3 Explain how closing errors in compass survey is adjusted by Bowditch' method. 4 Name and discuss the four mechanisms thought to occur during coagulation. 5 Differentiate between prismatic compass and surveyor's compass. Explain the sedimentation process used in a water treatment plant. Draw a neat sketch of a sedimentation tank. Explain the term BOD.

What do you understand by prestressed concrete? What are its advantages and disadvantages?

Explain with sketches, the different methods of locating a point by plane table. Discuss the relative

Answer ANY ONE of the following

merits of these methods.

IV
